ACTIVE SESSION OF BOARD OF TRADE

REVIVAL OF THE PROJECT TO CONSTRUCT ROAD ACROSS MOUNTAIN TO LA HONDA.

Re-establishment of Rural Mail Service—Salt Water Swimming Tank, Proposed Attraction.

The Board of Trade had a profitable session Tuesday evening at which many subjects of a progressive character were discussed.

The shoe factory project was threshed over and shown to be making satisfactory headway.

A. D. Walsh, in an address brought to the recollection of the members a movement of several years ago to build a new road of easy grade across the mountain from Woodside to La Honda, which undertaking had been allowed to lapse on account of disinterest on this side of the mountain. Mr. Walsh stated that during a recent visit to the coast he had interviewed manyfarmers and had learned that there was an almost unanimous desire on the part of the people of the district, including La Honda, San Gregorio and Pescadero to have the road built. The coast farmers are desirous of marketing their produce on this side of the mountain and will encourage the building of the road in every way possible.

The board voted to take action in the matter and the secretary was directed to address a letter to the supervisors urging that the road be built, while a committee to be selected by the president will meet the supervisors and address them on the subject.

L. P. Behrens stated that he had interviewed Congressman Hayes relative to the restoration of the rural mail service between this city and Pescadero and had been assured that every effort would be made to re-establish the service.

Mr. Walsh suggested the establishment of a public swimming tank in town as an improvement that would be both popular and beneficial. The tide water, within easy reach could be utilized and he believed the cost would not be great

The matter was referred to Robert Bowie to be talked up among the younger element and will later be presented to the city council.

A son was born to Geo. A. Shine and wife at Woodside on the 4th instant. The new arrival and future citizen of the county has been named Thomas in honor of his grandfather, the late Thomas Shine, who was one of the county's esteemed old residents.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

The endorsement of Jas. V. Neuman for county surveyor by both parties at the primaries is a well deserved recognition of faithful and intelligent service.

The way the management of the Telephone Company is pushing the work on the new system is most encouraging, but those new 'phones can't come any too soon.

While you are talking politics, don't forget that there is still a small amount lacking to complete the shoe factory fund. Now is the time to get in and help your town.

At the primaries H. O. Heiner was given the compliment of a handsome majority by both parties. Considerable of a compliment to a young man, and one of which he may well be proud.

A vote for Henry Ward Brown means a vote for honest representation for the county in the Assembly. Well versed in the law and familiar with business methods, he is an ideal man for the place.

The many friends of C. D. Hayward, the popular candidate for assessor, are glad to see him cock of the walk. He has no opponent and will again assume the office he has so ably filled in the past.

H. G. Plymire will have no opponent for coroner and public administrator, and it should be so for he has made an efficient and painstaking officer. He is one of the most popular men in the county.

The splendid record of Judge Lennon as Superior Judge of Marin county is a guarantee that the Republican party made no mistake when he was given its nomination for Presiding Justice of the Court of Appeal.

The grand jury could find no fault with the conduct of the county auditor's office, and neither have the people. That Mr. Underhill will be reelected is a foregone conclusion, and if faithful service counts for anything he certainly should be.

San Mateo county needs a friend at Washington, one who not alone can but will work for her interests. Congressman Hayes has demonstrated his ability and desire to aid us, and should receive a practictlly unanimous support. He knows what to do and how to do it.

Tax paying is not the most pleasant duty in the world, but a pleasant face on the other side of the counter will at least make the duty less of a burden. For this reason, if for no other, cast your vote for genial Ambrose McSweeney, the friend of every body he meets.

Every citizen knows that P. P. Chamberlain has made an absolutely honest county treasurer. That is the sort of man needed especially in that office, and the people of the county are far too wise to make a change. It is a safe prediction that Chamberlain will be reelected by a big majority.

Every man in the Third township who holds to the faith that the laborer is entitled to a fair wage for his work should cast his vote for H. W. Lampkin for justice of the peace. All of his life Lampkin has been the advocate and adherent of organized labor, and as such is entitled to the support of every man who earns his living by his labor.

A record for bravery in youth may be a good thing for an old man to look back upon, but what is needed in the Sheriff's office is a man who is not alone possessed of courage but the present physical stamina to back his courage. In the prime of an active manhood, Bob Chatham possesses these qualifications to a degree that makes him an ideal Sheriff.

No officer of the county has rendered more efficient service in his appointed station than has Superintendent of Schools Roy W. Cloud That he is personally popular with the people of the county is shown in that the primary election gave him the unusual compliment of a nomination by the three parties. If the prohibitionists had found a place on the official ballot, undoubtedly he would have received the nomination of that party also.

Any division in the ranks of the Republican party at this time would be as stupid as it is unnecessary. The party is on trial before the world, and if, at November elections it proves itself lacking in adhesiveness it will be the fault not of the progressive but of those so-called Republicans whose desire for domination is so strong that they would rule or ruin. Thanks to the integrity of the great leaders, there is no danger of such an eventuality. Certainly California's Republicanism was never more fit, never more verile, than it is at this time. The entire ticket will win.

D. E. Blackburn is certain to be re-elected supervisor of the Fifth township. He deserves well at the hands of the tax payers and voters of his township for he has given them good roads and bridges. He is one of the cleverest men on the board of supervisors, quick to catch important questions and to act with intelligence. Mr. Blackburn is certainly a credit to his constituents and they will do well to keep him on the board. We think they will for news comes that his election is assured.

SAN FRANCISCO SAFE.

Without doubt the most significant development of the past week in the political campaign is the establishment of a practical certainty that Johnson will carry the City of San Francisco, and this by a very safe majority. Early in the campaign, San Francisco was claimed by the Democrats, and almost conceded by the Republicans, as favorable to Bell. Late developments clearly show that this opinion has been changed by the managers of both parties, and even Democratic sources admit that their hopes of success are rapidly waning.

Several betting men who are not in politics have lately offered wagers at even money on this proposition, and so far there have been no takers. It is understood however, that representatives of the Bell people are collecting a fund for betting purposes, in the hope that a flood of Bell money will have an effect upon public sentiment favorable to their candidates. So far this scheme to create false odds has not developed, and the offers of wagers made to date can be taken as a fair guage of public sentiment.

This is certainly an encouraging outlook for the friends of good government. While it is not questioned that Johnson can easily be elected without the aid of a majority in San Francisco, this change of opinion in the Metropolis makes the selection a certainty.

BOTH SAFE AND SANE.

That Hiram Johnson as Governor will make both a safe and a sane executive, no one who has been a student of his career can question From his first advent into public life he has been consistent in his every utterance and act. At all times he has inveighed against the machine in politics, has urged that government should be by the people as well as for the people. That the interests of no man or corporation should be allowed to dominate in the managment of the business and government of the state.

At all times he has opposed with all of his wonderful eloquence and ability the domination of the railroad machine in the politics of the state. He has demanded that corporate interests should keep hands off in the direction of public affairs This and no more.

At no time has Mr. Johnson opposed the Southern Pacific as a business corporation. Nor has he given utterance to a single word which can be by any stretch of imagination construed to indicate that it is his desire or intention to do so in the future.

If the Southern Pacific, or any other corporation, will attend to its legitimate business, it will unquestionably receive that consideration and just encouragment which is its due. This is all that any corporation has a right to ask—every whit to which it is entitled and without question all that it will receive. Honest corporate interests can with every confidence of safety to themselves support Mr. Johnson. The aid of the dishonest or questionable corporation he is not seeking, nor does he need.

TRUE WORTH RECOGNIZED

The people of San Mateo county are to be congratulated that they are assured of the services of County Clerk Nash for another four years. That Mr. Nash was given the compliment of a renomination by all of the political parties without opposition is but just recognition of the splendid conduct of his office. Not only is he a painstaking official, but to this is added the important quality of a genial personality which makes business with his office a pleasure.

Maurice Powers, ex-mayor of San Mateo and the Republican nominee for supervisor of the Second township, is making a strenuous campaign and at present it looks that he will win by a big vote. He has made a good mayor, showing wonderful executive ability, and being a practical man will make a splendid supervisor, a good successor to J. H. Coleman.

Roosevelt Indorses Ticket.

That the platform of the Republican party of California, as well as the candidates of the party for governor, is emphatically shown in the following letter received by Chairman M. Lissner of the Republican State Central Committee, in reply to a congratulatory telegram:

My dear Mr. Lissner: I thank you for your telegram. I feel that New York has now put herself abreast of California; and I feel that the candidates for Governors of the two states stand on the same high level of integrity and efficiency. Moreover, I feel that we have a right to appeal to every good citizen to support us in both New York and California, for failure to elect Stimson in this state and to elect Johnson in your state, would be a blow to good citizenship. I earnestly hope that you will win. I only wish I could be in California to take the stump for your ticket, for both as regards platform and candidates you are entitled to the heartiest support, and it will be a setback to good government all over the country if your candidates are not eletced.

Faithfully yours,
Theodore Roosevelt.

Mr. M. Lissner, Republican Ctate Central Committee, San Francisco.

Fred Lippman has received a large number of postal cards from the Panama Exposition Committee of San Francisco for distribution. Call and get some to send to your eastern friends.

The Haight merchants' nine of San Francisco will play the Junior baseball team of Redwood tomorrow afternoon at 2:30 o'clock.

REPUBLICAN NOMINEE

THE CAMPAIGN OF 1910.

Never before in the history of California have the platforms of the two great parties been so nearly alike. Never before have we had men of such high character, and such worthy principles asking for the endorsement of the voters of the state and of this Congressional district. The independent voters are certainly to be congratulated on bringing about such a happy condition of affairs. But it should not be forgotten that California is a Republican state and the Fifth Congressional district has been safely Republican since it was made so by the energy and ability of E. A. Hayes.

We know of no reason why Republicans should desert their party and vote for Theodore Bell, and Thomas Hayden , and without several thousand such voters neither candidate has the ghost of a show of being elected. It has been a good many years since California elected a Democratic governor, and it will be a good many years more before a Democrat is elected, if the Republicans shall present for the suffrages of the people, men of such character, ability and force as Hiram Johnson.

Three times has E. A. Hayes been honored by the voters of this district with a seat in the House of Representatives at Washington. In the six years that he has represented us we know of nothing unworthy that he has done. He has stuck closely to his work, and has always been on hands to do his duty when called on for service onr committees or votes on measures. Some time before Congress adjourned it looked as if the Democrats would control the next House of Representatives. But the legislation promised in the Republican Platform of 1908 was finally enacted into law, and congressmen and senators went trooping home to look after their political fences. A number of state elections have been held, and nowhere in the north have Democrats been eletced to Congress, except in Main, where there was no Insurgent candidate. With candidates of that type in Maine it will be another thirty years before a Democratic governor is again elected. We hear a great deal about the Republican party being hopelessly divided in state and nation. We are satisfied such prophets will have a doleful time when the results of the election of Nov. 8th becomes known. We are glad the Republican party is having a renaissance?. Our members were sure that it needed a new birth, a coming back to its early principles. But they are not altogether happy with the situation when it is becoming increasingly evident that the party of Lincoln will somehow carry out the principles for which he stood. In fifty years the Democrats have had control of the national government but twice, and their success was entirely bound up in the stern personality of Governor Cleveland, a man whom their leaders neither understood nor appreciated and who was never able to bring the party back to Democratic principles as he understood them.

There is little doubt that the Republicans will control the next Legislature of California; and we dont know anything that a Democratic governor could do except to supply his hungry friends with fat jobs in the executive branches of our state government. With twelve years of experience in handling such matters the Republicans feel able to guide the California ship of state for another term. We do not believe that Gage, Pardee and Gillet will suffer when compared with Democrats who have been our choice executives. The next Legislature of California will have a wonderful opportunity to place our state in the forefront of political progress alongside such progressive commonwealth as Wisconsin, Iowa, and Kansas. We don't know anything Bell could do as governor accept to get into a contest with the Republican legislature and prevent a lot of valuable legislation. We fail to find anything of especial value that Governor Harmon has been able to do in Ohio or Governor Marshall in Indiana; and Bell will hardly measure up with either in ability or experience. With Hiram Johnson as governor California will carry through legislation which will be of lasting credit to her people.

We hope our Democratic editors will make an effort to show how the people of this city and county will gain anything by retiring Hon. E. A. Hayes as congressman. While Mr. Hayden is a man of ability and character, we do not believe he exceeds Mr. Hayes in any of these particulars. He is without experience in legislation, and it would take lots of time for him to learn the business. If doing some thing for his district is an important part of a congressman's work, Mr Hayden simply would'nt be in it as far as this city and county are concerned. The legislation likely to pass the Republican Senate, and to be approved by a Republican president will not be originated by Democrats even though they should control the House of Representatives, and the election so far held do not indicate any such outcome. Mr. Hayes belongs to the type of Republicanism that is being honored all over the country; and Hiram Johnson is as outspoken for absolute freedom from corporation dictation as Governor Stubbs of Kansas, and is as certain of the support of the people.

REMINISCENSES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

The following is a news item from the Gazette of November 13th, 1875: "E. Hynding of Iowa, brother-in-law of Capt. Anderson, has succeeded George McKeever in the proprietorship of the MceKever hotel on Main street. The name of the hotel is to be changed to "Redwood City House," and very appropriately too, there being so far as we are aware a business house oin this place bearing the name of the town."

In the latter part of december Redwood City lost one of its oldest and most public spirited citizens. Charles N. Fox, who for several years was the editor of the Gazette and who had been the leading attorney of the county, removed to Oakland to reside. Mr. Fox had taken a prominent part in the affairs of the town and county and had held many positions of trust. At the time of his departure he was one of the town trustees.

On Saturday night, Deecmber 18, 1875, the local lodge of Masons installed officers for the year as follows: W. R. Thomas, worshipful master; L. P. Cooley, senior warden; H. A. Scofield, junior warden; W. J. Wilcox, secretary; H. N. Nutting, treasurer; P. P. Chamberlain, senior decon; Amos Dennis, junior deaocn; B. H. Hayes and J. White, stewards; J. Poole tyler."

On the 1st of the new year 1876 the office of the Gazette was moved in the old building on ed into the old mill building on First street, as appears from the following news item in the issue of December 25th, 1875: "The large and strong building of Amos Dennis, built for a gist mill and located on First street near Germania hall, is being remodeled interiorally. A portion of the basement is to be put in order for a store. The floor above will be partitioned off. The upper floor is to be occupied by the Gazette, the occupancy to commence on the first Saturday after New Years. The outside of the building is to be improved and a sidewalk laid."

That people generally clung to the faith of '49 and believed that precious metals could be found in almost any part of California and were easily open to an attack of mining fever, is shown again by the following news "story"from the Gazette of January 1st, 1876: "For years it has been known that gold, silver, lead, coal and quicksilver abounded in the coast range of mountains. Many disocveries have been made, but so for as known mineral has not been taken out in paying quantities. On the ranch of John Murray in this county, a silver mine has been discovered that assays $64 per ton on the surface. The location is near Searsville. On record in the courthouse at this place we find on record an important document. Without repeating any of the legal phraseology we will say that a company has been formed for working the mine. Mr. Murray sells three-quarters of the right to own and work all minerals found on his land, receiving $30,000 therefor and reserving one-fourth as unassessabe stock. The purchasers are, each one taking an eighth, M. Kuck, J. Crowley, W. Whitlock, J. H. Titus, J. Hilton, and M. Kreiss."

On Christmas Eve. of 1875 Half-moon Bay was the scene of a drunken fracas that nearly ended in an other murded, of which there had been a long list on the coast side. During the early hours of the eveng James Sheriff and L. Vasquez, both well-known in that setcion, had been about the town together and had been making a round of saloons. Shortly after 8 o'clock they entered the saloon of James Dennis, Sheriff, at the time being apparently considerably under the influence of liquor, while Vasquez was almost entirely sober or at least appeared to be. They had been in the place but a short time when the neighborhood was startled by the sound of three pistol shots fired in rapid succession. The crowd rushing into the saloon found Sheriff lying upon the floor, his face and head covered with blood. A hurried examination of the wounded man disclosed a severe wound over the left eye which opened a hole in the skull and a bullet wound in the neck. As soon as the wounds were descovered a physician was summoned and the injured man cared for. While the wounds were serious the physician expressed but little fear of fatal consequences. Vasquez made no effort to escape and without resistance surrendeder himself to Deputy Sheriff Wyman, who was soon at the scene of the trouble. The next morning he was taken before Justice of the Peace H. E. Lee, where he waived preliminary examination and was held to answer before the grand jury in bonds of $1000 which was soon given. Vasquez claimed that the shooting was done in self defense, while this was denied by friends of Sheriff, who admitted that hard words had passed between the two, but denied that Sheriff had made either threats or attempts to do harm.

Here is another birth notice with a name that is familiar to everybody in the vicinity of Redwood City. "Born, in Redwood City, January 2, 1876, to the wife of James Crowe, a daughter."

The annual eletcion of the fire department held in the first week of January J. H. Offermann was chosen foreman; Thomas Lynch, assistant; D. W. Ford, second assistant; J. H. Titus, treasurer, and J. W. Glennan, secretary.

American Boy Scouts

A company of the American Boy Scout is about to be formed in Redwood City and it promises to be a fine military organization. C. G. Landscheitt has the matter in hand and has seen the organizer in San Francisco, who will lend all the assistance possible to the organization. Mr. Landscheitt will be drill master. He has had a fine experience in military tactics, being at one time a soldier in the British army where he won fame as a drill master.

Five patrolls with eleven men each and one scout leader will be organized. The leading families of the city are lending their aid to the project.

The American Boy Scout is a semi-military, always outdoor, institution, membership in which is open to boys between the ages of ten and eighteen, who stand well in the schools and agree, upon their honor, to live up to the Scout law.

The American Boy Scout is nationally incorporated and has national headquarters in New York For purposes of organization, five Grand Departments have been created, the Northwestern States and Nirthern California forming the Department of the Northwest, with headquarters at 74 Geary street, San Francisco.

The Nationtl Constitution provides for the formation of Department, State, County and Municipal Committees, which are to supervise all American Boy Scout activities in their districts.

The American Boy Scout plan of action is modeled after that of the Baden-Powell Scouts of England and the English colonies, being adapted to American needs.

The Scout organization in England originated with Lieutenant-General Sir R. Baden-Powell, who is the Chief Scout of England. There are some 400,000 boys organized in England and the Colonies.

CALIFORNIA WILL REAP BIG PROFIT

Advertising Through Exposition Will Bring Quick Returns

The action taken by the special session of the Legislature, which was have been the one thing required to make the Panama-Pacific International Exposition an enterprise in which all California can well afford to become interested. In the archives of State legislation there is no record of a measure equally important upon which all factions, parties and sections agreed so promptly and so completely. The reflecting citizen will grasp quickly the value of a California united upon the larger and more essential things, and probably will decide for himself, after the twentieth century fashion, that the achievement of this result is worth all that the exposition is likely to cost in the matter of taxes.

There is the probability, however, that California will profit immediately through the unusual forms of advertising that the State secures abroad through the 1915 fair. It is many years since the region west of the Mississippi River was afforded a chance to demonstrate its strength of added population in an issue so broad and clean-cut, and it is along the Atlantic Coast that men and women are awaiting with interest the decision of Congress in this test of grit, enthusiasm and resources. From this same territory California is drawing the larger part of its population and it seems idle to attack the argument that 10,000 new people, acquired during the two years following the passage of these State amendments, would more than compensate for the expenditure the State is called upon to make in the fight against New Orleans.

NEW ORLEANS FIGHTING HARD

Powerful Railroad Influence at Work for Southern City

Every little while you hear some knocker say that New Orleans is doing everything to get the big fair in 1915 and that San Francisco is doing nothing. This week there was generally circulated a story that it had been found by our Chamber of Commerce that 90 per cent of the big commercial organizations of the country were tied up to New Orleans and that the other 10 per cent were non-committal.

Now, there wasn't any truth in that story, and there isn't any truth in the statement that the New Orleans committee is doing far more effective work than is our own committee. Our committee is in reality doing much better work than the New Orleans committee. But there is a great and powerful influence at work in favor of New Orleans, and it is that influence that must be fought hardest if we are to win.

I refer to the influence of the Illinois Central, the Southern Railway and other railroad lines that would be specially benefited by having the fair at New Orleans. Our own Southern Pacific has a terminus at New Orleans as well as at San Francisco. So it is a good deal tied up. But the Western Pacific, Salt Lake road and Santa Fe are in a position to help us out a lot if they will pitch in and combat the influence of those Southern and Middle Western roads.—Oakland Tribune.

A Coin Worth Millions.

Somewhere in the world—possibly among the relics kept by some lover of the great Napoleon—there is a fortune, perhaps unsuspected. Among the coins Napoleon had minted were some millions of five franc pieces, and he determined to popularize these in an extraordinary way. In one of the coins, folded to a tiny size, was inclosed a note signed by Napoleon and promising the sum of 5,000,000 francs to the finder of that particular coin. Naturally everybody who changed a large piece demanded the new five franc coins in exchange and, as a rule, prodded and dug and sounded the metal in eager search for the hidden note. But the years went on, and yet the note did not appear. Napoleon's plighted word is a sacred trust to the French nation, and today the government stands ready to pay the debt, which, with interest, is now worth many millions.—London Answers.

A Grand Rout.

It is not always the largest foe who can make the greatest disturbance and cause the most confusion. In his "Hunting Grounds of the Great West" Richard Irving Dodge tells of a little incident of the Mexican war which proves that it is quality, not quantity, which is most effective.

While General Taylor's little army was marching from Corpus Christi to Matamoras a soldier of the flank of the column fired at a bull. The animal charged, and the soldier, taking to his heels, ran into the column. The bull, undaunted by the number of the enemy, followed him headlong, scattering several regiments like chaff, and finally escaped unhurt, having demoralized and put to flight an army which a few days after covered itself with glory by victoriously encountering five times its number of human enemies.

Shunted.

Editor—Is this your first effort?

Budding Poet—Yes, sir. Is it worth anything to you?

Editor (with emotion)—It's worth a guinea if you will promise not to write anything more for publication until after this has been printed. I want your entire output, you understand.

Budding Poet—I promise that, all right. When will it be printed?

Editor—Never while I'm alive.—London Telegraph.

A kindness done to the good is never lost.—Plautus.

BLOCKADED

Every Household in Redwood City Should Know How to Resist It.

The back aches because the kidneys are blockaded.
Help the kidneys with their work.
The back will ache no more.
Lots of proof that Doan's Kidney Pills do this.
It's the best proof, for it comes from Redwood City.

Mrs. A. H. Lanfear, Heller and Chestnut streets, Redwood City, Cal., says: "We consider Doan's Kidney Pill an excellent remedy and can give them the strongest recommendation. About three years ago they were first used in our family, when we lived in Buffalo, N. Y. Their use in my case brought prompt and positive relief from pain and lameness in the back and other distressing difficulties due to weak kidneys. To say the least, the results were gratifying. Another person in our household who suffered from backache found Doan's Kidney Pills very effective and has used them off and on since then with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

TWO YOUTHS ROB ROOM OF A CHINESE COOK.

Marshal Coleman did a clever piece of detective work Saturday night when he arrested Wm. Davis and Thos. Normile, two young employes on the Spring Valley job on the County Road, charged with robbing the cook at the Del Monte Hotel. The two young men entered the room of the Chinese during the afternoon and took some clothing, a watch and a purse of money. Coleman was started on their trail and after inspecting the crew of workmen selected Davis and Normile as the probable culprits. When arrested both broke down and confessed their guilt. Most of the stolen property was recovered and the two young men were locked up. Neither is over 21 years of age. Davis was recently released on probation by one of the police judges of San Francisco.

Tuesday in Judge Hannon's court the two youths pleaded guilty and were fined $10 each.

NOTICE TO VOTERS

Notice is hereby given to the electors of the State of California that the following acts will be submitted to the people of the State of California for their ratification at the next general election, to be holden on the eighth day of November, A. D. 1910, to wit:

SENATE BILL NO. 485.

Passed the Senate, March 8, A. D. 1909. Lewis A. Hilborn, Secretary of the Senate.

Passed the Assembly, March 15, A. D. 1909. Clio Lloyd, Chief Clerk of the Assembly.

This bill was received by the Governor this 19th day of March, A. D. 1909, at 11 o'clock A. M. E. C. Cooper, Private Secretary of the Governor.

CHAPTER 320. *An act to provide for the issuance and sale of state bonds to create a fund for the improvement of San Francisco harbor by the construction by the board of state harbor commissioners of wharves, piers, state railroad, spurs, betterments, and appurtenances and necessary dredging and filling in connection therewith in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; to define the duties of state officers in relation thereto; to make an appropriation of five thousand dollars for the expense of printing said bonds; and to provide for the submission of this act to a vote of the people.*

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith in the city and county of San Francisco, at a cost not to exceed nine million dollars (which said wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith the board of state harbor commissioners are hereby empowered to construct and do in the manner, authorized by law, and at a cost not to exceed said nine million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section 10 hereof, prepare nine thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of nine million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the date of issuance thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of seventy-four years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of July, A. D. nineteen hundred and eleven, and shall be made payable on the second day of July, nineteen hundred and eighty-five. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of July, nineteen hundred and twelve, on so many of said bonds as may have been theretofore sold. At the expiration of seventy-four years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the second San Francisco seawall sinking fund provided for in this act, and, he shall on the first Monday of July, nineteen hundred and eighty-five, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the second day of July, 1911, and each of said bonds shall have the seal of the state stamped thereon. The said bonds signed, countersigned and endorsed and sealed as herein provided when sold shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person signing, countersigning and endorsing, or any or either of them, shall have ceased to be the incumbents of such office or offices. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and fifty.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to, or mutilation of the bond. Said coupons shall be consecutively numbered, and shall bear the lithographed signature of the state treasurer who shall be in office on the second day of July, 1911. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

SEC. 3. The sum of five thusand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners, and approved by either the governor of the state or mayor of the city and county of San Francisco, who shall only approve the same when in their judgment the actual harbor receipts, and those reasonably anticipated, will justify such sale of bonds and the consequent increased burden on harbor receipts; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Before offering any of said bonds for sale the said treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars ($500.00) for each sale so advertised. The cost of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds except such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "Second San Francisco Seawall Fund" and must be used exclusively for the construction of wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith on the water front of the city and county of

San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund. The amount that shall have been paid at the sale of said bonds as accrued interest on the bonds sold shall be, by the state treasurer, immediately after such sale, paid into the treasury of the state and placed in the "Second San Francisco Seawall Sinking Fund."

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "Second San Francisco Seawall Sinking Fund" shall be, and the same is hereby created, as follows, to wit: The state treasurer, after the second day of July, nineteen hundred and twenty-nine, shall on the first day of each and every month thereafter, after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time in months, the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the second San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold; and to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of May, in the year nineteen hundred and fifty-one and between the first and tenth day of May of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of June following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the first day of July, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and fifty-one, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall call in and cancel or cause to be called in and cancelled all of said bonds or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds and the controller's warrants duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, nineteen hundred and ten, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, nineteen hundred and ten, and all ballots at said election shall have printed thereon and at the end thereof, the words, "For the San Francisco Harbor Improvement Act of 1909," and in the same square under said words the following, in brevier type: "This act provides for the improvement of San Francisco harbor and for the payment of all costs thereof out of the San Francisco Harbor Improvement Fund." Opposite the words "For the San Francisco Harbor Improvement Act of 1909," and "Against the San Francisco Harbor Improvement Act of 1909," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Harbor Improvement Act of 1909," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Harbor Improvement Act of 1909." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

SEC. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, nineteen hundred and ten, the costs of publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose.

SEC. 12. This act may be known and cited as the "San Francisco Harbor Improvement Act of 1909."

SEC. 13. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

ASSEMBLY BILL NO. 990.

Passed the Assembly, March 4, A. D. 1909. Clio Lloyd, Chief Clerk of the Assembly.

Passed the Senate, March 11, A. D. 1909. Lewis A. Hilborn, Secretary of the Senate.

This bill was received by the Governor, this 20 day of Mar., A. D. 1909, at 12 o'clock M. E. C. Cooper, Private Secretary of the Governor.

CHAPTER 383. *An act authorizing the construction, acquisition, maintenance and control of a system of state highways in the State of California; specifying the work, fixing the payments to be made by counties for moneys expended therein; providing for the issuance and sale of state bonds to create a fund for the construction and acquisition of such system; creating a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.*

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. A system of state highways in and for the State of California shall be constructed and acquired as and in the manner provided by law by the department of engineering of said state at a cost not to exceed eighteen million dollars. For the purpose of providing for the payment of the cost of the construction or acquisition of said system of said highways, the State of California is hereby authorized to incur an indebtedness in the manner provided by this act in the sum of eighteen million dollars.

Immediately after the issuance of the proclamation of the governor, as provided in section 11 of this act, the treasurer of the state shall prepare eighteen thousand suitable bonds of the State of California in the denomination of one thousand dollars each, to be numbered from 1 to 18,000 inclusive, and to bear the date of the third day of July, 1911. The total issue of said bonds shall not exceed the sum of eighteen million dollars and they shall bear interest at the rate of four per cent per annum from the date of issuance thereof. The said bonds and the interest thereon shall be payable in gold coin of the United States of the present standard of value at the office of the treasurer of said state at the times and in the manner following, to wit: The first four hundred of said bonds shall be due and payable on the third day of July, 1917, and four hundred of said bonds in consecutive numerical order shall be due and payable on the third day of July, in each and every year thereafter until and including the third day of July, 1961. The interest accruing on all of said bonds that shall be sold shall be payable at the office of the treasurer of the state on the third day of January and the third day of July of each and every year after the sale of the same. The interest on the bonds issued and sold shall cease on the day of their maturity and the said bonds so issued and sold shall on the day of their maturity be paid as herein provided and canceled by the treasurer of said state. All bonds remaining unsold shall, at the date of the maturity thereof be by the treasurer of the state canceled and destroyed. All bonds issued pursuant to the provisions of this act shall be signed by the governor of this state, countersigned by the state controller and endorsed by the state treasurer, and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the third day of July, 1911, and each of said bonds shall have the great seal of the State of California impressed thereon. The said bonds signed, countersigned, endorsed and sealed as herein provided, when sold, shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person so signing, countersigning and endorsing, or either of them, shall have ceased to be the incumbents of said office or offices.

SEC. 2. Appended to each of said bonds there shall be interest coupons so attached that the same may be detached without injury to or mutilation of said bond. The said coupons shall be consecutively numbered and shall bear the lithographed signature of the state treasurer who shall be in office on the third day of July, 1911. No interest shall be paid on any of said bonds for such time as may intervene between the date of said bond and the day of sale thereof, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

SEC. 3. There shall be provided in the general appropriation bill sufficient money to defray all expenses that shall be incurred by the state treasurer in the preparation of said bonds and in the advertising of the sale thereof, as in this act provided.

SEC. 4. When the bonds authorized by this act to be issued shall have been signed, countersigned, endorsed and sealed as in section one provided, the state treasurer shall sell the same in such parcels and numbers as the governor of the state shall direct, to the highest bidder for cash. The governor of the state shall issue to the state treasurer such direction immediately after being requested so to do, through and by a resolution duly adopted and passed by a majority vote of the advisory board of the department of engineering. Said resolution shall specify the amount of money which, in the judgment of said advisory board shall be required at such time and the governor of the state shall direct the state treasurer to sell such number of said bonds as may be required to raise said amount of money and that said bonds shall be sold in consecutive numerical order commencing with the first four hundred thereof. The state treasurer shall not accept any bid which is less than the par value of the bond plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date. The state treasurer may at the time and place fixed by him for said sale continue such sale as to the whole or any part of the bonds offered to such time and place as he may at the time of such continuance designate. Before offering any of said bonds for sale, the said treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. The state treasurer shall give notice of the time and place of sale by publication in two newspapers published in the city and county of San Francisco and in one newspaper published in the city of Oakland, and in one newspaper published in the city of Los Angeles and in one newspaper published in the city of Sacramento once a week for four weeks next preceding the date fixed for such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised.

There is hereby created in and for the state treasury a fund to be known and designated as the "State Highway Fund," and immediately after such sale of bonds the treasurer of the state shall pay into the state treasury and cause to be placed in said state highway fund the total amount received for said bonds, except such amount as may have been paid as accrued interest thereon. The amount that shall have been paid at such sale as accrued interest on the bonds sold shall be by the treasurer of the state, immediately after such sale, paid into the treasury of the state and placed in the interest and sinking fund.

The moneys placed in the state highway fund, pursuant to the provisions of this section, shall be used exclusively for the acquisition of rights of way for and the acquisition and construction of said system of state highways. The route or routes of said state highways shall be selected by the department of engineering and said route shall be so selected and said highways so laid out and constructed or acquired as to constitute a continuous and connected state highway system running north and south through the state traversing the Sacramento and San Joaquin valleys and along the Pacific coast by the most direct and practicable routes, connecting the county seats of the several counties through which it passes and joining the centers of population, together with such branch roads as may be necessary to connect therewith the several county seats lying east and west of such state highway.

Moneys shall be drawn from said state highway fund for the purposes of this act upon warrants duly drawn by the controller of the state upon demands made by the department of engineering and audited by the state board of examiners.

SEC. 5. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds, issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

The treasurer of the state shall, on the first day of January, 1912, and on the first day of each July and the first day of each January thereafter transfer from the general fund in the state treasury to the interest and sinking fund such an amount of the money by this act appropriated as shall be required to pay the interest on the bonds thereto due and the interest on all of said bonds so sold shall have been paid or shall have become due in accordance with the provisions of this act.

There is hereby created in the state treasury a fund to be known and designated as the "State Highway and Sinking Fund." The treasurer of the state shall on the first day of July of the year 1917, and on the first day of July of each and every year thereafter in which a payment of the cost of pursuant to the provisions of this act shall become due, transfer from the general fund of the state treasury to the said state highway sinking fund such an amount of the moneys appropriated by this act as may be required to pay the principal of the bonds so becoming due and payable in such years.

SEC. 6. The principal of all of said bonds sold shall be paid at the time the same becomes due, from the state highway sinking fund and the interest on all bonds sold shall be paid at the time said interest becomes due, from the interest and sinking fund. Both principal and interest shall be so paid upon warrants drawn by the controller of the state upon demands duly audited by the state board of examiners, and the faith of the State of California is hereby pledged for the payment of the principal of said bonds so sold, and the interest thereon.

SEC. 7. The state controller and state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor in triplicate an abstract of all such proceedings thereunder with an annual report in triplicate, one copy of each to be by the governor, laid before each house of the legislature biennially. All books and papers pertaining to the matter provided for in this act shall, at all times, be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both or any citizen of the state.

SEC. 8. The highway constructed or acquired under the provisions of this act shall be permanent in character and be finished with oil or macadam or a combination of both, or of such other material as in the judgment of the said department of engineering shall be most suitable and best adapted to the particular location of the same. The state department of engineering, in the name of the people of the State of California, may purchase, receive by donation or dedication, or lease any right of way, rock quarry or land. The department of engineering shall have full power and authority to purchase all supplies, material, machinery and to do all other things necessary or proper in the construction and maintenance of said state highway. With the exception of those public highways which have been permanently improved under county or permanent road division bond issues without prejudice to the adoption of this act; all public highways within this state lying within the right of way of said state highway as determined and adopted by the department of engineering shall be and the same shall become a part of the right of way of said state highway, without compensation being paid therefor; provided nothing herein contained shall require the state to maintain any highway along any said right of way, prior to the completion and acquisition of the permanent improvements contemplated by this act. Whenever any money received from the sale of bonds, under the provisions of this act, shall be expended in the construction in this state, such county must pay into the state treasury such sum each year as shall equal the interest, at the rate of four per cent per annum, upon the entire sum of money expended within such county in the construction of said state highway, less such portion of said amount expended as the bonds matured under the provisions of this act, shall bear to the total number of bonds sold and issued. All highways constructed or acquired under the provisions of this act shall be permanently maintained and controlled by the State of California.

SEC. 9. This act, if adopted by the people, shall take effect on the thirty-first day of December, nineteen hundred and ten, as to all its provisions except those relating to, and necessary for, its submission to the people and for returning, canvassing and proclaiming the votes, and to such accepted provisions this act shall take effect immediately.

SEC. 10. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, 1910, A. D., and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the state highway act"; and in a separate line, under the same, the words "Against the state highway act." Opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the state highway act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the state highway act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 11. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers, and if it appears that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof. But if a majority of the votes cast, as aforesaid, are against this act then the same shall be and become void.

SEC. 12. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and ten; the costs of publication shall be paid out of the general fund, on controller's warrants duly drawn for that purpose.

SEC. 13. This act shall be known and cited as the "State Highway Act."

SEC. 14. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

CHAPTER 407. *An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners, of a necessary area for a tidal basin, for wharves, docks, piers, harbors and appurtenances, in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people.*

The people of the State of California, represented in Senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the board of state harbor commissioners for the acquisition of the necessary area for a tidal basin, extending the area of India basin, on the water front of the city and county of San Francisco, as provided in an act entitled: "An act to authorize and direct the board of state harbor commissioners to institute condemnation proceedings to acquire certain property north of India basin, and extending to Islais creek in the city and county of San Francisco, and extending the jurisdiction of said board over the same, and providing for the payment of judgments from the proceeds of bonds issued and sold under the provisions of an act entitled 'An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners, of a necessary area for a tidal basin, for wharves, docks, piers, harbors and appurtenances, in the city and county of San Francisco; to create a sinking fund for the payment of said bonds and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people,'" the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section 10 hereof, prepare one thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of one million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the issue thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of seventy-four years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. 1911, and shall be made payable on the second day of January, A. D. 1985. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer, on the second day of January, and on the second day of July, of each year after the issue of the same; provided that the first payment of interest shall be made on the second day of January, A. D. 1912, on so many of said bonds as may have been theretofore sold. At the expiration of seventy-four years from the date of said bonds, all bonds sold shall cease to bear interest, and likewise all bonds redeemed by lot shall cease to bear interest, as in this act provided, and the said state treasurer shall pay in, forthwith pay and cancel the same, out of moneys in the "India Basin Sinking Fund," provided for in this act, and, he shall, on the first Monday of January, A. D. 1986, also cancel and destroy all bonds not theretofore paid. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and thirty-nine.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to, or mutilation of, the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds, and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the "San Francisco Harbor Improvement Fund," on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be sold by the state treasurer at public auction to the highest bidder for cash, in such parcels and numbers as said state treasurer shall determine; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered for sale, and he may by public announcement at the place and time fixed for such sale, for good and sufficient cause, continue such sale as to the whole of the bonds offered or any part thereof offered, to such time and place as he may select, not exceeding, however, sixty days. Due notice of the time and place of sale of all bonds, and of the postponement of sale thereof, must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the "San Francisco Harbor Improvement Fund" on controller's warrants, duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "India Basin Fund," and must be used exclusively for the acquisition of the area described in the act referred to in section 1 hereof. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the "San Francisco Harbor Improvement Fund."

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund to be known and designated as the "India Basin Sinking Fund" shall be, and the same is hereby created as follows, to wit: The state treasurer shall, on the first day of each and every month, after the second day of December, A. D. 1923, take from the "San Francisco Harbor Improvement Fund," such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said "San Francisco Harbor Improvement Fund," less the amount thertofore taken therefrom for said purpose; and he shall place the sum in the "India Basin Sinking Fund," created by this act. Said state treasurer shall, on controller's warrants, duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must always keep on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold; and to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the "San Francisco Harbor Improvement Fund," and pay into said "India Basin Sinking Fund," an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners is hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and forty, and between the first and tenth day of November of each year thereafter, until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be, the amount in said sinking fund at that time, and shall thereupon and before the tenth day of November following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn, and that the principal of said bonds shall be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid, to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and forty, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the "San Francisco Harbor Improvement Fund." At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States bonds, or other bonds, then in said sinking fund, at governing market rates, after advertising the sale thereof, in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said state bonds outstanding shall pay and redeem said matured outstanding bonds, out of said money in said fund, in extinguishment of said bonds, on controller's warrants, duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all of their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and ten, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 9. This act shall be submitted to the people of the State of California, for their ratification at the next general election to be holden in the month of November, A. D. nineteen hundred and ten, and all ballots at said election shall have printed thereon, and at the end thereof, the words, "For the India Basin Act," and in the same square, under said words the following in brevier type: "This act provides for the acquisition of a tidal basin in the bay of San Francisco for harbor purposes, and for the payment of all costs thereof out of the 'San Francisco Harbor Improvement Fund.'" In the square immediately below the square containing said words, there shall be printed on said ballot, the words "Against the India Basin Act," in brevier type, and below said words "Against the India Basin Act," there shall be printed: "This act provides for the acquisition of a tidal basin in the bay of San Francisco, for harbor purposes, and for the payment of all costs thereof out of the 'San Francisco Harbor Improvement Fund.'" Opposite the words "For the India Basin Act," and "Against the India Basin Act," there shall be spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words: "For the India Basin Act," and all voting against said act shall do so by placing a cross opposite the words "Against the India Basin Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The vote cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast, as aforesaid, are against this act, then the same shall be and become void.

SEC. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and ten; the costs of publication shall be paid out of the general fund, on controller's warrants, duly drawn for that purpose.

SEC. 12. This act shall be known and cited as the "India Basin Act."

SEC. 13. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

Passed the Senate, March 12, A. D. 1909. Lewis A. Hilborn, Secretary of the Senate.

Passed the Assembly, March 20, A. D. 1909. Clio Lloyd, Chief Clerk of the Assembly.

This bill was received by the Governor, this 23d day of March, A. D. 1909, at 5 o'clock P. M. E. C. Cooper, Private Secretary of the Governor.

CHAPTER 623. *An Act to provide for the issuance and sale of state bonds to create a fund for the construction by the board of state harbor commissioners for the bay of San Diego of harbor improvements consist of a seawall, wharves, piers, state railroad, spurs, betterments and appurtenances in the county of San Diego; to create a sinking fund for the payment of said bonds; to define the duties of state officers in relation thereto; to make an appropriation of one thousand five hundred dollars for the expense of printing said bonds, and to provide for the submission of this act to a vote of the people.*

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the bay of San Diego for harbor improvements consist of for the erection of a seawall, wharves, piers, state railroad, spurs, betterments and appurtenances in the county of San Diego, at a cost not to exceed one million five hundred thousand dollars, which said seawall, wharves, piers, state railroad, spurs, betterments and appurtenances the said board of state harbor commissioners of San Diego bay are hereby empowered to construct in the manner authorized by law, at a cost not to exceed one million five hundred thousand dollars, the state treasurer shall, immediately after the issuance of the proclamation of the governor provided for in section ten of this act, prepare fifteen hundred suitable bonds of the State of California in the denomination of one thousand dollars each, to be numbered from one to fifteen hundred, inclusive, and to bear date of the second day of July, nineteen hundred eleven. The total issue of said bonds shall not exceed the sum of one million five hundred thousand dollars, and they shall bear interest at the rate of four per cent per annum from the date of issuance thereof. The said bonds and the interest thereon shall be payable in gold coin of the United States of the present standard of value, at the office of the state treasurer of said state, on the second day of July, nineteen hundred eighty-five, subject, however, to redemption by lot as in this act hereinafter provided. The interest accruing on all of said bonds that shall be sold shall be payable at the office of the treasurer of the state on the second day of January and the second day of July of each year after the sale of the same. At the expiration of seventy-four years from the date of said bonds, all bonds shall cease to bear interest, and likewise all bonds redeemed by lot as hereinafter provided shall cease to bear interest according to the provisions of this act, and the state treasurer shall call in and forthwith pay and cancel the same out of the moneys in the San Diego seawall sinking fund provided for in this act, and he shall on the date of the maturity of said bonds cancel and destroy all bonds not theretofore sold. All bonds remaining unsold shall, at the date of the maturity thereof, be by the treasurer of the state canceled and destroyed. All bonds issued pursuant to the provisions of this act shall be signed by the governor of this state, countersigned by the state controller and endorsed by the state treasurer, and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the second day of July, nineteen hundred eleven, and each of said bonds shall have the great seal of the State of California impressed thereon, the said bonds signed, countersigned, endorsed and sealed as herein provided, when sold, shall be and constitute a valid and binding obligation upon the State of California though the sale thereof be made at a date or dates after the person so signing, countersigning and endorsing, or either thereof, shall have ceased to be an incumbent of said office or offices.

SEC. 2. Appended to each of said bonds there shall be interest coupons so attached that the same may be detached without injury or mutilation of said bond, the said coupons shall be consecutively numbered and shall bear the lithographed signature of the state treasurer who shall be in office on the second day of July, nineteen hundred eleven. No interest shall be paid on any of said bonds for such time as may intervene between the date of said bond and the day of sale thereof, unless said accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

SEC. 3. The sum of one thousand five hundred dollars is hereby appropriated out of any moneys in the state treasury not otherwise appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. The state controller is hereby authorized and directed to draw his warrant for the expense incurred in preparing the said bonds, and the state treasurer is hereby directed to pay the same.

SEC. 4. When the bonds authorized to be issued by this act shall have been signed, countersigned and endorsed, as in section 1 provided, the state treasurer shall sell the same for cash to the highest bidder in such parcels and numbers as the governor of the state shall direct, provided a resolution requesting such sale shall have been adopted by the board of state harbor commissioners for San Diego bay, and said board shall not pass such resolution until in their judgment the actual harbor receipts, and those reasonably anticipated, will justify such sale of bonds and the consequent increased burden on harbor receipts. Said resolution shall specify the number of bonds necessary to produce the amount of money which, in the judgment of said board of harbor commissioners, shall be required at such time, and the governor of the state shall direct the state treasurer to sell such number of said bonds to raise said amount of money, and that said bonds shall be sold in consecutive numerical order. The state treasurer shall not accept any bid which is less than the par value of the bond, plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date. The state treasurer may, at the time and place fixed by him for such sale, continue such sale as to the whole or any part of said bonds to such time and place as he may at the time of such continuance designate. Before offering any of said bonds for sale the state treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for said sale. The state treasurer shall give notice of the time and place of sale by publication in two newspapers published in the city and county of San Francisco, one newspaper published in the city of Los Angeles, one newspaper published in the city of San Diego, and one newspaper published in the city of Sacramento, once a week for four weeks next preceding the date fixed for such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The cost of such publication shall be paid out of the San Diego harbor improvement fund on controller's warrants duly drawn for that purpose, and the state treasurer must pay the same. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "San Diego Seawall Fund," and must be used exclusively for the construction of a seawall, wharves, piers, state railroad, spurs, betterments and appurtenances thereto on the water front of the bay of San Diego. Drafts and warrants upon the said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Diego harbor improvement fund.

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Diego Seawall Sinking Fund" shall be, and the same is hereby created, to wit: The state treasurer, after the second day of January, nineteen hundred and twenty-nine, shall on the first day of each and every month thereafter, after the sale of said bonds, take from the San Diego harbor improvement fund such sum as, multiplied by the time in months, the bonds then sold and outstanding at the time said treasurer shall so take said sum from said San Diego harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold, and to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Diego harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners of San Diego are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above any limit
